SMIRK 2001 Contest Rules

The SMIRK QSO Party, sponsored by the Six Meter International Radio Klub will be held from 0000Z June 16, 2001 through 2400Z June 17, 2001. Contacts must be on six meters only, voice and/or CW. No contacts involving another band for one side of the contact count.

One need not be a SMIRK member to take part. SMIRK members as well as non-SMIRK members are invited to take part in this fun event.

No contacts between stations in the 48 contiguous U.S. states and lower tier Canada (VE1 through VE7) are allowed between 50.100 and 50.150. Only contacts with and between stations outside of these areas may take place in this band segment. All contacts must be made by a single operator. There is no multi-operator category in this contest.

Exchange is callsign, SMIRK number, if the station worked has one, and grid. Partial contacts in which one of the above pieces of information are missing, do not count.

All contacts must be made via natural propagation. No contacts using repeaters, or any manmade device for relaying transmissions are allowed.

All participants must observe the rules governing Amateur Radio operation in the participant's country.

Scoring is as follows:
Count 1 point for each completed contact. If station worked provides a SMIRK number, multiply by 2.

Final score is contact points times grids worked. New log forms are available from W5OZI at the above address, or online from <http://www.smirk.org> in HTML, RTF, Microsoft Word 6.0/Win95, and Microsoft Word 7.0

Logs must be postmarked no later than 1 August, 2001 and sent to Pat Rose, W5OZI, PO Box 393, Junction, TX 76849, USA. Logs may also be submitted via electronic mail to contest@smirk.org, and must be received no later than 1 August, 2001. Due to the nature of the Internet, SMIRK will not be held liable for any log submissions not received by the due date because of connectivity failures, et cetera.

Certificates will be issued to the highest scoring participant submitting a valid log, in each ARRL Section, the Maritime Provinces and each of the remaining Canadian provinces and each other

DXCC country. If different from the above, a certificate will also be awarded to the highest scoring SMIRK member from each of these areas submitting a valid log. To be valid, logs must include this above location information.

For the purpose of this contest, a SMIRK member is anyone who has ever been issued a SMIRK number, whether or not he or she has paid dues in recent years. Of course, all 6 meter operators are encouraged to join SMIRK or renew. Renewals may be obtained by sending \$6 to the above address, noting the SMIRK number. Anyone not a member, may join by sending a list of six SMIRK members worked on 6 meters, along with \$6 to the above address. An attempt will be made to issue a SMIRK number to each new member applying in time to fully participate in this year's SMIRK QSO Party.

2001 Spring Sprints

International Contest
Sponsored by East Tennessee DX Association

The rules for 2001 will be placed on the ETDXA Web site; www.etsdx.org

1. Object: To work as many amateur stations in as many 2 degrees by 1 degree grid squares as possible, using authorized amateur frequencies on the 50, 144, 222, 432, 902 MHz and above bands. *Only 50 MHz listed here.*

2.5 The 50 MHz Sprint will be from 2300Z Saturday until 0300Z Sunday (May 12 & 13, 2001).

3. Exchange: Grid-square locator - signal report is optional.

4.1 QSO Points: Count one point for each complete QSO.

4.2 Multiplier: The total number of different grid squares worked. Each 2 degrees by 1 degree grid square counts as one multiplier.

4.3 Final score: Multiply QSO points by multipliers. Each Sprint is scored separately.

4.4 Rovers score same, but please segregate logs by grid. Scoring for Rovers is cumulative, total # of grids worked from each grid activated, multiplied by total # of stations worked in each grid activated.

6. Certificates for top three scores in each Sprint, Certificate for top three scores in Rover Category, and Plaque for overall high score,

7. Submission of Logs:
E-mail logs to : vhfdx@etsdx.org

The 2001 50 MHz DX Marathon

is a DX contest with grid fields (20° X 10° squares) as multipliers extending over the period 0000Z June 9, 2001 through 2400Z July 8, 2001. We have simplified reporting and changed scoring in the hopes of increasing participation. Just send in your logs in form similar to the reports inside this bulletin. You need only make a valid non-relayed 6m contact. Necessary fields are: date/time, call, and either 4 or 6 digit grid square (which you may obtain after the fact). You must also indicate at least

once, your call and grid square. If you include both with each log entry, separate with >; e.g., CM87>your grid. Your entry will be computer-scored with 1 point for the first contacts under 4400 km in length in each grid field. 3 points for 4400-5500 km, 4 points for 5500-6600, 5 points for 6600-7700 km, 6 points for 7700-8800 km, etc. You may figure the distance or the computer will determine it from the grid squares.

Jan-Feb 01 DX Reports

The following reports of 50 MHz and higher DX propagation are courtesy of JA1VOK, XE2HWH, YO7VS, KR6MR (ZD8CA) and postings on the Internet. Apologies to any sources I may have inadvertently neglected.

The first entry is *mmddhhii*, where *mm* is the month, *dd* is the day of the month, *hh* is the hour UTC, and *ii* is the minutes after the hour. The year is understood to be 2001 except for months >02, when it is 2000. Symbols just before the call of the reporting station include: V=Video Carrier, I=Inband video sidebands, F=FM audio, B=beacon, C=CW, P=PSK31, R=RTTY, S=SSB, W=mode not mentioned (or both CW & SSB), H=heard only.

Beacon News

CN8LI: is back on the air as of Feb 17

LX0SIX: is back on 50.023. Reports to LX1JX.

OA4B: Roman, XE2EED, and Jack, N6XQ, plan to drop a beacon for Radio Club Peruano to Pablo, OA4DJW. He plans to temporarily operate it from his home QTH. It runs 20 W on 50.036.

ET3VSC: Claudio indicates that his beacon is always on unless he is on the air. If he is in the shack ready for a QSO, the beacon msg will include "NW QRV FR QSO 50115 AR". His e-mail address is ET3VSC@WINLINK.ORG. please do not exceed 1/2 page because it is forwarded by radio via ZSSS.

NN7K: writes to note that his 1 W beacon is still QRV on 50.0741 from DM09bp, and with emergency power.
